

Reimei Workshop "Hadrons in dense matter at J-PARC"

Tuesday, February 22, 2022

Session 4: Hadrons in Matter, Theory (4:00 PM - 6:00 PM)

time	[id] title	presenter
4:00 PM	[14] Chiral anomaly and eta-prime meson in vacuum and at low temperatures	LEUPOLD, S.
4:30 PM	[15] Properties of heavy mesons within unitarized effective theories at finite temperature	MONTANA, G.
5:00 PM	[16] Search of dense matter from the canonical approach in effective models	WAKAYAMA, M.
5:30 PM	[17] Phase transitions in the electroweak model induced by a magnetic field	GOY, V.A.
