

Reimei Workshop: Polarization phenomena and Lorentz symmetry violation in dense matter

Saturday, October 8, 2022

Session 4 (10:00 AM - 12:00 PM)

-Conveners: Kazuya Aoki

time	[id] title	presenter
10:00 AM	[10] Polarized Baryon-Rich Matter in Low Energy Nuclear Collisions	LIAO, Jinfeng
10:40 AM	[11] The QCD Kondo effect and chiral symmetry breaking in strong magnetic fields	HATTORI, Koichi
11:20 AM	[12] Studies of phi meson mass modification inside nuclei through K+K- decay	SAKO, Hiroyuki
